Formation:

Children are encouraged to work individually or in groups

City

1. Keep your street and city clean

City clean, city clean

Put your rubbish in the bin

Or take it home with you

Ocean

1. Keep the beach and ocean clean

Ocean clean, ocean clean

Put your rubbish in the bin

Or take it home with you!

2. Keep the fish and dolphins safe

Dolphins safe, dolphins safe

Let them swim in clear waves

Keep them safe and well!

House

1. Keep your room and house clean

House clean, house clean

Put your rubbish in the bin

Please dear children (Please dear Simon...)

Suggested Actions / Activities:

Teacher can discuss with the class the necessity

of keeping our cities and towns clean.

The teacher can read and talk about the environment and the danger of having rubbish

and litter left on the beach and in the waters.

The teacher can talk about the danger of littering for all the fish, tortoises, dolphins, whales and other sea creatures.

The teacher can extend the topic of maintaining

a clean environment and discuss with children

why we need to look after our rivers, oceans,

forests and the whole planet.

Teacher can start singing the song, encouraging

children to clean up their tables or kinder room

Mother or parent can sing this song while cleaning the house or cleaning the child's room

"Dear children" can be substituted with child's name
